

## ADDENDUM TO REQUEST FOR PROPOSALS

---

**ADDENDUM:** No. 2  
**DATE:** 02 July 2020  
**FILE:** Corner Brook Port Corporation Request for Cold Storage Engineering Services

### **Addendum No. 2 Dated 02-07-2020**

Revisions to the request for proposals document is as follows:

1. REVISED: Section I – Introduction

C. Scope of Work

The location of the cold storage facility is under review and will be re-located to a land-based site in close proximity to the current location. Proponents can disregard issues related to renovations to the existing building and location on the dock.

Proponents should ensure that the design of the facility includes provisions for full emergency power in the event of power outages.

2. REVISED: Section IV – Selection Process

5. Billing Rate

Proponents are requested to provide detail on the scope of the fee structure indicating included and excluded items. The fee proposal should specifically address the level of site inspection included, and specific fees related to occasional site inspection on an as-required basis.
